FOREWORD

This is the fifth directory published under the direction of the Council of the NAEA. It contains the names and addresses of all active, associate and institutional members as of July 31, 1958. Since it was prepared under the pressure of constant change some errors will occur. It is hoped that such mistakes will be at a minimum.

We hope that this directory will be as useful as those published under the direction of Dr. Italo deFrancesco and Dr. Horace Heilman when they were Secretary-Treasurer. We pay tribute to the energy and enthusiasm of Dr. Ralph Beelke, Executive Secretary of the NAEA, Dr. Horace Heilman, Business Manager of the NAEA, and Mrs. Alicia Mock in the Kutztown NAEA office, in publishing this directory so efficiently.

THE NATIONAL ART EDUCATION ASSOCIATION

A Department of the National Education Association of the United States
1201 16th Street N.W., Washington 6, D. C.

THE NATIONAL ART EDUCATION ASSOCIATION is the combined professional organization for all teachers and supervisors of art. Its constituents are the members of the existing regional art associations: Eastern, Southeastern, Western and Pacific Arts Associations. It is now in its tenth year of service to art education and art educators of America.

THE NATIONAL ART EDUCATION ASSOCIATION is an association of art education workers; its members have a free voice and a large share in the total program through regional representation and regional committees.

As a department of N. E. A., which is the largest and most influential education association in America, we have its staunch support of the arts in education. The National Education Association has aided N. A. E. A. financially and professionally.

THE NATIONAL ART EDUCATION ASSOCIATION ACTS AS A CLEARING HOUSE on matters pertaining to art education referred to it by its constituents or by other educational groups. It originates such activities and programs as may seem opportune for the enhancement of the work of art teachers and teaching in America.

The Association publishes a Yearbook, devoted to major issues in the field of art and education, and "ART EDUCATION", the official journal, replete with art news, book reviews, editorial comment, visual aids and leading articles. It reaches all members as part of the membership fee.

The ASSOCIATION SPONSORS the International School Art Exchange in cooperation with the National Red Cross, as a tangible contribution to world peace and international understanding.

Through the promotion of research and the work of committees and commissions in such fields as curriculum standards, state organizations, state direction of art education and the like, the National body has rendered significant service. The seventh yearbook was devoted to: RESEARCH IN ART EDUCATION.

ALL PROGRESSIVE TEACHERS AND SUPERVISORS OF ART are eligible to membership. The present membership of 4000 includes a vast number of outstanding art educators from all sections of the country. As regional groups grow and strengthen art through state and local associations, so does N. A. E. A. add prestige to art education on a country-wide basis.

INSTITUTIONS, SUCH AS COLLEGES, universities, libraries, art schools, museums and education groups may secure Institutional Membership.

STUDENTS OF ART AND ART EDUCATION in accredited schools may avail themselves of associate membership. ELEMENTARY TEACHERS and others concerned with the arts in general education may also become Associate Members and receive all privileges except that of holding office and voting.

N. A. E. A. operates on a democratic basis. THE COUNCIL is composed of the elected officers of the Association, the Presidents and immediate Past-Presidents of the four regional bodies, four representatives elected regionally, four representatives elected at large, one representative from "The Ship," and the Chairman of the Policy Committee. THE EXECUTIVE COMMITTEE is composed of the officers of the Association and four council members elected by the council. This group acts as an interim body or in cases of emergency.

STANDING COMMITTEES are as follows: Accreditation, Army Arts and Crafts, College Teachers of Art, Constitution Study, Curriculum Materials, Editorial Board, Executive, Finance Informational Studies, International School Art Program, National Legislative, Nominating Committee, Policy, Professional Relations, Publications, Regional Development, Research, State Directors of Art, Visual Communications, Children and Youth.

MEMBERSHIP IN THE N. A. E. A. IS SECURED THROUGH ONE OF THE FOUR REGIONALS.
